RE: DAIRI PROJECT – ANJING HITAM DRILL RESULTS

Project Interests:

Herald Resources Ltd 80%

PT Aneka Tambang 20%

In the recent Quarterly Report Herald announced that SOP88D had made an intersection of more than **double the anticipated thickness** at the northern end of the Anjing Hitam Main Mineralised Horizon, which has an Ore Reserve of 6.3Mt at 16%Zn and 10%Pb and is currently the subject of a Bankable Feasibility Study.

Assay results are now available for this hole, which intersected an estimated true thickness of **17.5m** of massive sulphides at an average grade of **13.8% Zn, 7.2% Pb and 6.5g/t Ag** which is only slightly below the average grade for the whole deposit. An additional intersection of **0.95m** estimated true width at **13.8% Zn, 5.5% Pb and 11g/t Ag** was intersected in the Lower Mineralised Horizon about 2m below the Main Mineralised Horizon.

Yours faithfully

RE: WILSON RIVER PROJECT, TASMANIA – NICKEL POTENTIAL

Herald has entered into an option to purchase agreement with New Challenge Resources Pty Ltd on a 9 square kilometre Exploration Licence 23/2003 in the NW Tasmania.

The Company believes there is potential to discover nickel associated with DIGHEM anomalies, using the recent Avbury nickel deposit discovery as a model. This model, discovered by Allegiance Mining NL, is a new model on which to base nickel exploration in NW Tasmania.

The option price is \$5,000 with the exercise price being 50,000 shares in a new I.P.O.

Yours faithfully

RE: FLOAT PROPOSAL

In recent times, Herald has been concentrating its focus and financial resources on its major projects at Dairi and Coolgardie.

In order to adequately explore and develop some of its other prospective projects in Australia (Balfour, Springfield, Kintore, Wilson River, Mt David), Herald is considering the possibility of IPO/floating a separate company, which would own these projects and in which Herald would retain a significant shareholding.

The above IPO proposal is conditional upon the market remaining sufficiently buoyant and receptive to such a proposal, and on any relevant approvals being obtained.

Yours faithfully

M P WRIGHT
Executive Director
